InView

Silicone Male External Catheter

The InView catheters are part of a complete bladder management system from Hollister – catheters, leg bags, tubing, and straps.

Confidence

Trust InView male external catheters to:

- *Be transparent* – provides an easy way to help monitor skin health while the catheter is in place
- *Stay in place* – the skin friendly adhesive helps maximize wear time and helps prevent accidental detachment
- *Meet specific needs* – three styles and five sizes help ensure the proper fit:
 - 1 *Standard* – regular length and adhesive for *daily wear*
 - 2 *Extra* – 70% more adhesive than the standard external catheter for *added security*
 - 3 *Special* – shorter sheath length for a *wider range of needs*
- *Fit most leg and night drainage bags* – the tapered tip helps ensure a secure connection

Comfort

InView male external catheters feature:

- *Soft, breathable silicone* – designed to be non-irritating and comfortable; can be crimped for a custom fit
- *Gentle adhesive* – balances secure fit with easy removal

Support

InView male external catheters are supported by:

- “How to” videos
- Educational materials – including care tips and sizing guides
- Over-the-phone clinician support

All available from your Hollister representative to help ensure ease of use, confidence, and comfort.
