Technology You Can Trust

# UA-1000 SERIES

## UA-1010 / UA-1030T

A&D, a pioneer in home blood pressure monitoring, has once again come up with a new series of world-class monitors with Triple A Technology that sets new industry standards and enhances value for users.

# UA-1010

SlimFit cuff

**Simple monitoring with more accuracy** It offers easy, one-button operation with new functions that will guide user to accurate measurements. UA-1010 uses the new latex-free and metal-free SlimFit cuff which is more friendly to sensitive skin.

# UA-1030T

SmoothFit cuff  
\*Patent pending

**Talking monitor for everyone** UA-1030T has come with the latest talking technology with all features of UA-1020. It announces the results in 5 languages (English, French, Spanish, Italian, and Chinese). You can increase volume through six levels or switch on to silent mode if required.

Cuff Fit Error Indicator

Movement Error Indicator

Irregular Heartbeat Indicator (IHB)

Latex-free and metal-free, SlimFit Cuff

WHO Blood Pressure Classification Indicator

90 memories + Average Reading (All/AM/PM)

Clock & Calendar

Newly designed SmoothFit Cuff for painless and comfortable measurement (Latex-free and metal-free)

My Pressure Setting mode (AUTO/180/210/240)

TriCheck™ mode for consecutive 3 measurements and average reading

Clear voice announcements of measurement results

**Advanced Cuff design**  
**Advanced Pressurization**  
**Advanced Deflation**

Latex-free and metal-free plus wrinkle-free cuff designs.

User selection made possible between A&D's fuzzy logic inflation and anxiety-free "MyPressure" setting.

Linear-motor driven active deflation valve makes it measure accurately for all cuff sizes.
