Central power & action button

60x amplification with 12 volume settings

Wireless charging

Threaded 3.5mm audio output

DUO ECG + Digital Stethoscope

$349 | DUO101 |
MSRP | MPN |

Powerful Software Toolkit
## iOS, Android & Windows

Capture it

Save 15, 30, 60 or 120-second sound and ECG recordings for playback and visualization of waveforms.

Analyze it

Eko is developing advanced machine learning algorithms that analyze heart sounds and ECG tracings to help screen for heart disease.

Share it

Share recordings with colleagues for a second opinion or Livestream cardiology-grade

Sounds and ECGs with an Eko enterprise plan.
